This diagram shows an exploded perspective view of a container assembly. The main body (250) is a cylindrical container with a flange (242) at the top. A lid (252) is shown below the body, featuring a handle (261) and a locking mechanism (257). A separate component (220) is shown to the left, which appears to be a latch or a part of the lid's assembly. Other labels include 254, 256, 251, and 257, which point to various internal or external features of the container and lid.
